UNITED STAFFING SOLUTIONS, INC.

“The Pillars of Strength in the HealthCare Industry”

DESCRIPTION OF STAFFING SERVICES

*United Staffing Solutions, Inc. (USSI) is available to assist its Client facilities with **Per-Diem** and **Travel Nurses**, **Specialty Nursing**, and **Support Services** on an “as needed” basis. We will proudly commit and continue to adhere to the following standards and criteria:*

- A. USSI will be “On Call” to any or all contracted facilities as desired. USSI does not use any answering services or automated answering devices, so your facilities will always speak with an employee of USSI; who can understand the needs and urgency of any given situation.*
- B. The Director of Nursing at USSI is Nick Kosareff, R.N., who is a California Registered Nurse. Nick is available 24 hours a day, 7 days a week for nursing support; both in the field and in area hospitals. He is always available for any requested consultations or counseling needs of our Client facilities or nurses; should the need arise.*
- C. It is part of USSI’s “Policies and Procedures” that all nurses undergo extensive screening by a Registered Nurse. All nurses who work for USSI must all have proper credentials for their specialty, and a minimum of one(1) year recent acute care experience in their specific area of expertise. All nurses are required to meet, and often exceed, JCAHO requirements and standards; in accordance with our own guidelines.*
- D. USSI requires a pre-employment physical and a pre-employment PPD and/or chest x-ray reviewed by a physician or his/her designee. After the initial pre-employment information is submitted to USSI, we insist upon keeping this information current at all times; thus ensuring that all USSI healthcare providers are not only JCAHO compliant, but facility compliant as well.*
